PIASA SPRING

This lovely spring in its rustic setting was one of the deciding factors in the selection of the grounds by the original committee. Evidence was found to support the fact that the spring had been used by the Indians. Life in the valley has been traced to about 1850. The flow of the spring, about 85,000 gallons per day, has not diminished to this day. Tests of the water are made frequently. The Chautauqua Association, in an effort to maintain the highest sanitary condition of the spring, has tapped the source of the spring at a point 150 feet within the bluff. It is then pumped to the reservoir on the hilltop.

## LADIES CIVIC IMPROVEMENT ASSOCIATION

Chautauqua ladies find membership in this active club one of the real pleasures of each summer season. The L.C.I.A. is responsible for the management of the Springs Hotel, sponsorship of the Saturday night dances and Tuesday evening card parties to which all vacationists are invited.

## *Roque*

Roque is one of the most popular games played at Chautauqua. It's history there dates back some thirty-five, or forty years, with great interest shown in the game among the men, women and children of Chautauqua. Among the Champions of previous years are L. C. Haynes, Judge Flannigan, Ed. Jacoby, Favre Gould, Dr. Gordon Smith, Arch Trabue, and in 1950, L. G. Keith was crowned the champion. A tournament for boys was held in 1951, which was won by Frank G. Weyforth, Junior, of St. Louis. For the season of 1952, the Athletic Committee, with C. J. Jacoby, as Chairman, plans a renewal of championship play for men and women, boys and girls, and requests your cooperation in making the tournaments a success.

The game of Roque was originated in England where it is a popular pastime. It is a form of croquet, but differs in that the playing surface is a combination of clay and sand firmly tapped. Play becomes more expert through carom shots off the side walls at times obligatory to renew play on an opponent's ball.

Added accuracy is also necessary in that the permanently installed arches are only one-eighth of an inch wider than the ball, which is of hard rubber composition. Short-handled mallets vary from the croquet style and offer two playing surfaces, one solid and the other of pliable rubber surface for delicate manipulation.

For the 1952 season, the Chairman of the Roque Tournament Committee invites men, women and children to participate in the games of roque played not only during the day, but at night on the well-lighted courts. Two courts are maintained, one for Championship play and the other for Women and children.

If anyone desires instruction in the game, that can be arranged. If interested, leave your name with the Manager at the Office, or contact any member of the Athletic Committee.

## *Athletics*

Athletic events that Chautauquans of all ages can take part in, is the aim of the Athletic Committee for 1951. Each Wednesday morning there will be a baseball game at the River Front Athletic Field, in which all are invited to participate.

Other tournaments of athletic events will be held on weekends during the summer.

Supervised athletics for boys and girls will again feature the summer program. Joe Rain will direct the program for boys. The athletic program for girls will be sponsored by the Girls Club of Chautauqua, with June Grundmann directing the activities.

Shuffleboard, baseball, badminton, tennis, table tennis, swimming, horseshoe pitching and other events will be on the program.

### THE PICTURE ROCKS

To add to the charm of this location, the significant name given in the early days to the chain of magnificent stone bluffs from Alton to Grafton, "The Piasa Bluffs", taken from the Indian legends and traditions of the Piasa Bird. This dragon was pictured on the rocks of the bluffs and was reported as having been visible as late as 1849. It was described as a composite monster with the face of a man, horns of a deer, the wings of a bird, the claws of a lion, and the tail of a serpent. The tradition was that this dragon was the enemy of the Indians and destroyed many of the Illini Indians until it was destroyed by a young Chief of the tribe.

The Piasa Bluffs Assembly was incorporated in July, 1885 under the laws of Illinois. The Incorporators were B. S. J. Fry, J. A. Field, Fletcher M. Doan, R. H. Manier, George W. Brown, Theo. Harrison and M. R. Locke.

The writer was elected Corresponding Secretary of the Corporation and visited numerous churches and schoolhouses to secure the money to purchase the land. At the close of the second camp meeting, J. A. Scarrett was elected Superintendent of the Grounds. During his management, the grounds were platted, trees planted, streets and avenues laid out, and the Auditorium and many cottages built. It was very successful from the start.

In 1909 the New Piasa Chautauqua Association was formed to take over the grounds and property of the Piasa Bluffs Assembly.
